

# Woodland Camp

Around the campfire

June 9, 2008

[www.woodlandcamp.net](http://www.woodlandcamp.net)

**Called to order:** Ron Hollerup at 11:30 AM

**Board members present:** Ron Hollerup, Kevin Rutherford, Catherine Yopp, Maralene Klein, Dean Ellison, Dean Garnett, Mary Francis, Rick Moore, and Cheryl Price.

**Treasures report:** Read by Maralene Klein.

**Secretary Report:** Read by Catherine Yopp, Approved by Mary Redding.  
2nd by Ann Reno.

## **Committee Reports:**

**Kevin Rutherford**, will check with road crew and try to obtain a written contact that will be posted for review.

**Dean Garnett, Environmental & Playground**, is reminding all association members that plastic and plexiglas must be removed at this time of the season. If anyone needs poison ivy removed, get in touch with Dean and he will spray. There has been a report that the basketball hoop has been broken. Ann Reno has volunteered to help fix it. Also Marilyn Garnett has asked for help removing the volleyball net so it can be repaired .

**Dean Ellison, Pool and Sewer** reports that the pool is open and the water is COLD. Dean and Larry Sewing have been looking into the water room electrical panel's to see what will need to be replaced. The equipment is old and out of date.

**Mary Francis Social Committee** On a 50/50, Jerry Powers \$2.50  
Blk 15 Sue Colson \$6.00

Electrical drawing won by Kathy Fenceroy Blk 15  
50/50 drawing won by Terry & Lynn Handley Blk 14

Mary Francis is again asking for volunteers to help support upcoming events. Mary is having an insert put into the newsletter. Please fill out or help the

younger children to fill out and return to Mary Francis. You may also return to the office and they will get to Mary.

**Cheryl Price, Security** Cheryl would like to take a moment to thank every one that has been involved in keeping the Park clean. She would like to thank the blocks that have pulled together to keep the restrooms clean. Cheryl reported that there has been no vandalism reported to her in the last few weeks. Great Job Everyone.

Catherine Yopp, Beautification Committee with the help of Dean and Pat Ellison have been in contact with Sandy Carritt from Country Garden Green House. She has let us know that as soon as the rain lets up, she will be tilling up the ground and planting flowers. Any other member that would like to plant flowers to help make the park look better, just let Catherine or Pat Ellison know where you would like to put them. Pictures Could be taken and placed on the web page.

Rick Moore Gate report. Rick got three estimates for fixing the front gate. The company's were AMERICAN FENCE COMPANY, SEi SECURITY EQUIPMENT, INC. and ALARM PROS. Ron Hollerup informed the association that the computer system we have now is running on DOS. The office will have to be up graded to the Internet to run any new gate system. We will turn in activated keys to get new cards. Rick expressed the urgency to get the loops in the ground when the road crew tares up the road in front of the office so we won't have to put out more money at a later date to do so.

MOTION: I Pam Standley make a motion to start the gate system and computer system with the new cards. All complete. 2nd : Kathy Fenceroy.

Kathy Fenceroy Asked about looking into SAFE SHEDS in case of bad weather. For further information phone # will be posted in the office. The campground must remember that we are in a flood plain and must be careful of where a shed can set.

Ken Bauman would like the campground to be aware when they are driving their vehicles across his property . If this disregard for private property continues, Ken will highly consider putting a fence around his property. Ken

informed every one that there is only ONE entrance to his store. That is the golf cart entrance.

Kevin Rutherford will be bringing Calcium Chloride\* for the roads, to be purchased at the office.

Ron Hollerup has been looking into having an audit. He has estimates from \$5000.00 to \$10,000.00. If any one can find a cheaper way to go about this, let Ron know.

**NEW BUSINESS:**

Mowing the delta. It again has been brought to the attention of the board that too many man hours are being spent on mowing the delta. Mr. Grimes from Little Sioux will be contacted to find a way to work out a mowing schedule that will work for both sides. As for now Don and Max will only mow about ten feet on both sides to help with boat and trailer access.

The campground would like to hire two persons to help Don and Max out around the park. This is to be done ASAP. Please put in application at the office. The board will be looking into child labor laws to protect new applicants.

A special Thank-you goes out to ALL the people who jumped in to help your neighbors clean up after the last couple of storms. Great job done by everyone.

73 people signed in for the meeting

Motion to adjourn By: Lois Hollerup, 2nd by Wanda Duff

Meeting Adjourned at 12:40 P.M.

**Respectfully submitted by:** Secretary Catherine Yopp
